Speaker: Ben Allan

3-Year Alzheimer's Association Volunteer

Prior Career AT&T Project Manager for 33 Years

Message From Ben:

- **I speak to groups all over Orange County about Alzheimer's and other forms of dementia. I approach these subjects from a very personal perspective as my wife, Judy, was diagnosed with Alzheimer's six years ago. My goal is that members of our county would be better prepared to deal with the realities of dementia than I was when Judy began to struggle with a wide variety of cognitive losses.**
